SILENTIUM HOSPITALITY RIDER | BACKSTAGE

What comes to food and catering of the backstage, Silentium would like to notice we have few vegetarians on the crew. Also one of the technicians is heavily allergic to celery and eating it could be fatal to him. We hope you take notice of these facts.

Besides warm food, Silentium wishes there will be the following items available on the backstage:

- Three (3) cases (24 bottles) of beer
- One (1) bottle of spirits (Vodka, Whisky, Rum etc)
- Soft drinks
- At least twenty (20) bottles of drinking water
- At least seven (7) fresh towels
- Snacks & candy
- Fruits

SILENTIUM HOSPITALITY RIDER | ON-STAGE

Silentium wishes to have the towels, drinking water and some beverages available on stage during their performance. These can be already on the stage at the arrival, available near the stage or the band shall be allowed to take the items from the backstage with them.

Thank you.
